## RAY KELLY, Athletic Therapist

Ray Kelly and his staff are among the busiest people during the school year — keeping athletes in intercollegiate and intramural sports in healthy condition.

Ray 40, a native of Saskatchewan, came to Edmonton in his early youth and has been here ever since. He first was introduced to university athletics in a coaching capacity. As the University of Alberta judo coach, his teams never lost a WCIAA championship. Ray began his full-time athletic training duties in 1968. He is a member of the Canadian Athletic Trainers' Association and the National Athletic Trainers' Association. Ray recently returned from Cali, Columbia, where he was a member of Canada's Pan-American Games training staff.

## DAVE MAGEE, Physiotherapist

A new student trainer's program is being implemented this year. By means of this program, interested university students will work with the training staff. Student trainers will be eligible to receive athletic awards similar to the Block A and Managerial A awards.

Dave Magee, as physiotherapist, will help Ray Kelly implement this program. Dave is entering his final year in the rehabilitation medicine degree program. Dave graduated from Lakehead University with a Bachelor of Arts degree in 1968. He is a student member of the Canadian Athletic Trainers' Association and is beginning his fourth year with the Bear's training staff.

before coming to Alberta. He is a student member of the Canadian Athletic Trainers' Association and is beginning his fourth year with the Bear's training staff.
